

HOW IT WORKS

A simple, personalised process to bring your wedding to life – with calm, clarity and care.

1

LET'S CONNECT

We meet over coffee, a call, or video chat to see if we're the right fit and understand whether you need a wedding planner, a coordinator, or both.

2

YOUR VISION & PROPOSAL

We talk through your ideas, priorities, and what matters most to you. I then create a tailored proposal aligned with your needs.

Once you're ready to proceed, we confirm with a contract and 50% deposit.

3

PLANNING BEGINS

I guide you through every step – from suppliers, timelines, and logistics to design and details – based on the level of support you've chosen.

4

WE FINALISE EVERYTHING

We confirm all final arrangements, ensure everything is in place, and complete the final payment two weeks in advance.

5

YOUR WEDDING DAY

Everything is coordinated and managed behind the scenes, so you can be fully present and enjoy the day without stress.

Leave the last-minute stress to me!
